ENERGY PROGRAMS UNDER THE 2009 STIMULUS PLAN *What Every Attorney [and CPA] Should Know*

This one hour program presented by noted technology development attorney Jeff Mitchell will review the 2009 American Reinvestment and Recovery Act with a specific focus on Energy Programs. The program will review the legislation's impact on a wide array of energy related programs—from individual homeowner or apartment weatherization to clean coal technology—and the current status of those programs on the state and federal levels. The program will also focus on lobbying restrictions and suggested methods for interacting with administration officials on behalf of your clients. There is no charge for this seminar.

JEFFERY K. MITCHELL

Mr. Mitchell is a shareholder in LeClairRyan's Corporate Group. He focuses his practice on corporate transactions and working with emerging and established businesses to provide strategic, growth-oriented legal advice, with practical in-house experience and public sector awareness. He has served as lead counsel on numerous venture capital financings, private equity raises, mergers, acquisitions, joint ventures, strategic alliances, and complex limited liability operating agreements.

Mr. Mitchell served on the staff of Governor Gerald L. Baliles, focusing on economic development issues and has served as a key political advisor to many Virginia elected officials including former Governor Mark R. Warner.

THE DIGITAL LAW OFFICE: PAPER LESS CASE FILES FOR LAWYERS

This 1 hour and 15 minute CLE course by Commonwealth's Attorney Ron Elkins focuses on the benefits of paperless case files and case management for a small to medium size law firm. The program includes beneficial techniques for reducing reliance on paper in a law office and reduction in daily office expenditures. Topics include digital file creation, processing, storage, and management. This CLE is free.

RONALD K. ELKINS

Ron is the Commonwealth's Attorney for Wise County and the City of Norton. Ron, a life-long resident of Wise County, attended the University of Tennessee and received a Bachelor of Arts Degree, followed by Cumberland School of Law, where he received his Juris Doctorate degree. Ron uses paperless case files to manage the daily workflow of a busy prosecutor's office.
